PRESS RELEASE

For immediate release

Dotz Mugello

The new Dotz Mugello was named after the race circuit north of Florence which is one of the German Touring Car Championship venues - and the name couldn't be more fitting. This wheel displays the traditional Y spoke design long associated with DTM cars, but with a black recessed base finish and a polished surface to give it a hint of Italian style.

The Mugello has been designed to be compatible with the latest run-flat tyres and is available in 8.5x19 and 9.5x19 sizes.

To find your local Dotz dealer
